

RTI REQUEST DETAILS

Registration No. :	CSLTD/R/T/24/00010	Date of Receipt :	26/09/2024
Transferred From :	Ministry of Shipping on 26/09/2024 With Reference Number : DSHIP/R/T/24/00070		
Remarks :	Relevant information may directly be given to the applicant please		
Type of Receipt :	Electronically Transferred from Other Public Authority	Language of Request :	English
Name :		Gender :	
Address :			
State :		Country :	
Phone No. :		Mobile No. :	
Email :			
Status(Rural/Urban) :		Education Status :	
Letter No. :		Letter Date :	
Is Requester Below Poverty Line ? :	No	Citizenship Status	
Amount Paid :	10)	Mode of Payment	Payment Gateway
Does it concern the life or Liberty of a Person ? :	No(Normal)	Request Pertains to :	
Information Sought :	<p>Mitigating Noise and Vibration from Shipbuilding Operations in the Park: Given the establishment of manufacturing facilities and dry docks, what measures will be in place to mitigate noise and vibrations generated during shipbuilding activities that may harm coastal and marine biodiversity in the surrounding coastal areas? Will specific standards be adopted to limit disturbances to sensitive marine regions?</p> <p>What environmental standards and policies will be implemented to prevent the destruction of coastal and marine habitats, such as mangroves, coral reefs, and seagrass beds, during the construction and operation of the shipbuilding park?</p> <p>Environmental Impact of Carbon Emissions from the Shipbuilding Park: Has an Environmental Impact Assessment (EIA) been conducted on the carbon emissions from the shipbuilding park? What measures will be taken to monitor and reduce these emissions?</p> <p>Environmental Impact Assessment for the Shipbuilding Park: Has a comprehensive Environmental Impact Assessment (EIA) been conducted for the proposed shipbuilding park, particularly in relation to its effects on marine and coastal biodiversity? If so, please provide details on the findings, including the anticipated impacts on local ecosystems, and the mitigation strategies proposed to address potential ecological damage.</p> <p>Inclusion of Coastal Communities in the Shipbuilding Parks Development and Operations: What measures are being taken to ensure the active involvement of</p>		

coastal communities in the planning, development, and operation of the proposed shipbuilding park? How will their traditional knowledge, livelihoods, and rights be safeguarded, and what opportunities will be provided for their participation in sustainable shipbuilding practices and related economic activities?

Cultural Impact Assessment Involving Coastal Communities: Will a Cultural Impact Assessment (CIA) be carried out to evaluate the potential effects of the shipbuilding park on the cultural heritage and traditional practices of coastal communities? How will the project ensure that the cultural and social significance of these communities is respected and preserved during development, and what measures will be put in place to minimize any adverse impacts on their way of life?

Impact on Local Fishing Communities Due to the Shipbuilding Park: What assessments have been made regarding the potential impact of the shipbuilding park on local fishing communities, including access to fishing grounds, fish populations, and overall livelihoods? What measures will be taken to ensure that these communities are not adversely affected, and how will their economic interests and traditional fishing practices be protected during and after the development of the shipbuilding park?

Original RTI Text : Mitigating Noise and Vibration from Shipbuilding Operations in the Park: Given the establishment of manufacturing facilities and dry docks, what measures will be in place to mitigate noise and vibrations generated during shipbuilding activities that may harm coastal and marine biodiversity in the surrounding coastal areas? Will specific standards be adopted to limit disturbances to sensitive marine regions?

What environmental standards and policies will be implemented to prevent the destruction of coastal and marine habitats, such as mangroves, coral reefs, and seagrass beds, during the construction and operation of the shipbuilding park?

Environmental Impact of Carbon Emissions from the Shipbuilding Park: Has an Environmental Impact Assessment (EIA) been conducted on the carbon emissions from the shipbuilding park? What measures will be taken to monitor and reduce these emissions?

Environmental Impact Assessment for the Shipbuilding Park: Has a comprehensive Environmental Impact Assessment (EIA) been conducted for the proposed shipbuilding park, particularly in relation to its effects on marine and coastal biodiversity? If so, please provide details on the findings, including the anticipated impacts on local ecosystems, and the mitigation strategies proposed to address potential ecological damage.

Inclusion of Coastal Communities in the Shipbuilding Parks Development and Operations: What measures are being taken to ensure the active involvement of coastal communities in the planning, development, and operation of the proposed shipbuilding park? How will their traditional knowledge, livelihoods, and rights be safeguarded, and what opportunities will be provided for their participation in sustainable shipbuilding practices and related economic activities?

Cultural Impact Assessment Involving Coastal Communities: Will a Cultural Impact Assessment (CIA) be carried out to evaluate the potential effects of the shipbuilding park on the cultural heritage and traditional practices of coastal communities? How will the project ensure that the cultural and social significance of these communities is respected and preserved during development, and what measures will be put in place to minimize any adverse impacts on their way of life?

Impact on Local Fishing Communities Due to the Shipbuilding Park: What

assessments have been made regarding the potential impact of the shipbuilding park on local fishing communities, including access to fishing grounds, fish populations, and overall livelihoods? What measures will be taken to ensure that these communities are not adversely affected, and how will their economic interests and traditional fishing practices be protected during and after the development of the shipbuilding park?
