Overview

Cochin Shipyard was conceived of in the year 1969 when a team surveyed various locations in India before selecting Cochin for the launch of the first Greenfield Shipbuilding Yard in the country. The yard facilities in the first phase were completed by 1982. The yard was designed and constructed under technical collaboration with M/s. Mitsubishi Heavy Industries (M.H.I), Japan. Cochin Shipyard Limited (CSL) was incorporated in the year 1972 as a fully owned Government Company. As on date the Government of India holds 72.86% of the equity share capital in the Company.

In the last five decades CSL has emerged as a forerunner in the Indian Shipbuilding & Ship repair Industry and also a well-known player on the global shipbuilding front. CSL can build ships up to 1,10,000 DWT and repair ships upto 1,25,000 DWT. CSL has many a feather on its cap like it has built and delivered the largest warship ever to be built in India – INS Vikrant to the Indian Navy, has delivered two of India's largest double hull Aframax tankers each of 95,000 DWT, has built various types of vessels including Tankers, Bulk Carriers, Port Crafts, Passenger Vessels etc. CSL has secured shipbuilding orders from internationally renowned companies and has exported around 47 ships to various commercial clients outside India such as National Petroleum Construction Company (Abu Dhabi), the Clipper Group (Bahamas), Vroon Offshore (Netherlands) and SIGBA AS (Norway).

CSL commenced the shipbuilding operations in 1975, ship repair in 1978, Marine Engineering Training in 1993 and Offshore upgradation in 1999. Over the years, CSL has successfully responded to fluctuations in the shipbuilding requirements of the markets and have evolved from building bulk carriers to smaller and more technically sophisticated vessels such as Platform Supply Vessel (PSV) and Anchor Handling Tug Supply Vessel (AHTS). CSL has worked with several leading technology firms in the industry including Rolls Royce Marine (Norway), GTT (France), Vard Group (Norway) etc.

CSL is the only yard which has undertaken dry-dock repairs to India's Aircraft Carriers. CSL has undertaken repairs of all types of vessels including upgradation of ships of oil exploration industry as well as periodical lay-up repairs and life extension of ships of Navy, UTL, Coast Guard, Fisheries and Port Trust besides merchant fleet. CSL has, over the years, developed adequate capabilities to handle complex and sophisticated repair jobs. CSL has established tie-ups with select specialist firms from near-east, far-east, south-east, Europe and USA for technology transfer & material packages for shipbuilding, ship repair, platforms, rigs & upgradation of yard facilities.

Vision, Mission & Objectives
