Cashless Service

Cashless hospitalization is a facility provided by the Insurance Company / TPA wherein the Policy Holder can get admitted and undergo the required treatment without paying directly for the medical expenditure. The eligible medical expense, thus incurred, shall be settled by the Insurance Company directly with the hospital.

This is to reduce the direct financial burden on insured individual at the time of hospitalization. Therefore, whatever bill is raised by the healthcare provider, Insurance Company settles it directly through Third Party Administrator (TPA), Subject to policy terms and conditions.

Process for cashless

- Lodge your claim papers with HITPA for reimbursement processing within 15 days of discharge

- **Cashless service may be denied in some of the situation as as listed below.**

- The ailment or condition not covered under the policy
- The insured amount not being sufficient to cover the hospitalization expense
- If the request for pre authorization is not received by HITPA in time. ie., within 24 hrs in case of emergency hospitalization or 48 hours in advance for planned hospitalization.
- If the information sent to HITPA is insufficient to confirm coverage
- Where the reported symptoms or available/ medical inputs are inadequate /incomplete to determine the liability of the insurer
