Cashless Service

Cashless hospitalization is a facility provided by the Insurance Company / TPA wherein the Policy Holder can get admitted and undergo the required treatment without paying directly for the medical expenditure. The eligible medical expense, thus incurred, shall be settled by the Insurance Company directly with the hospital.

This is to reduce the direct financial burden on insured individual at the time of hospitalization. Therefore, whatever bill is raised by the healthcare provider, Insurance Company settles it directly through Third Party Administrator (TPA), Subject to policy terms and conditions.

Process for cashless

- To avail the cashless facility one needs to approach the hospital which is under the network of Insurance Company / TPA. The Insurance Companies / TPA have tie-up with various hospitals and to avail the cashless facility you have to get admitted in one of these hospitals.
- To avail this facility you need to fill a Pre Authorization form while getting admitted to the Network hospital. The completed form is sent to the TPA by the hospital. Depending upon the terms of the policy, the TPA, will issue an authorization or a denial letter to the hospital.
- Once this is done the hospital will start treatment and all expenses up to the admissible limits under the terms & conditions of the policy will be processed by the TPA in coordination with the Insurance Company as need be.
- Please carry your member ID card issued by HITPA and a valid Photo ID (issued by govt. authority) Proof with you and submit the photo copy of the same to the hospital. KYC (Know You Customer) details are mandatory for all claims of Rs.1 lac and above
- Please note that if authorization for cashless service from HITPA has been received then at the time of discharge complete the following steps
- Verify the bills and counter sign the bills
- Pay for those items that are not reimbursable under the health insurance policy
- Leave the original discharge summary, bills and other investigation reports with the hospital.
- Retain a photocopy for your records.

• If the authorisation for cashless is not received from HITPA or if Cashless Service denied by HITPA the at the time of dischrge complete the following steps.

- > Settle the hospital bills in full and collect all the bills, discharge summary, investigation reports and other documents in original.
- Confirm from hospital that bill is raised as per rates and terms agreed with HITPA.
- Lodge your claim papers with HITPA for reimbursement processing within 15 days of discharge

• <u>Cashless service may be denied in some of the situation as as listed below.</u>

- > The ailment or condition not covered under the policy
- ➤ The insured amount not being sufficient to cover the hospitalization expense
- ➤ If the request for pre authorization is not received by HITPA in time. ie., within 24 hrs in case of emergency hospitalization or 48 hours in advance for planned hospitalization.
- > If the information sent to HITPA is insufficient to confirm coverage
- Where the reported symptoms or available/ medical inputs are inadequate /incomplete to determine the liability of the insurer
- ➤ Where the admission is primarily for investigation purpose unless specifically exempted in the policy
- Where the admission is less than 24 hrs duration except for specifically exempted conditions or procedure in the policy
- ➤ In case the personal information in policy and the coverage description differs with records registered with HITPA
- > Where the hospital has been removed from the Network.

This is only an indicative list of reasons but not exhaustive
